

Hello all MV Boys Lacrosse Families.

At the MV Invitational we had a photographer at all of the MV games taking excellent shots not only of the games, but up close and personal as the boys were warming up and in huddles (timeouts and half times), these will be great "mom" shots.

The photographer has finished editing/cleaning up the photos from Friday/Saturday (almost 1,000 raw photos, each looked at separately in the computer to determine whether it was worth editing or not).

The shots have been divided into four sections/slideshows, reflecting the games. They are entitled, Mission Viejo Tournaments #'s One, Two, Three and Four.

Links are below (Click links slide show should show up)

(If anyone can't open your forwarded slideshow, they can e-mail me and I'll send it to them individually).

The options for copies:

Option 1 - You can get individual picture from the slide show

You can order as below from Joe directly by emailing him at jsalcido2@cox.net

- 4 x 6 Print (\$1.00)
- 5 x 7 Print (\$5.00)
- 8 x 10 Print (\$9.00)

Option 2 (CD of un edited photos)

He can transfer all the photos taken (this would include many not included in the slideshows) onto commercial grade CD's. This would then allow you to edit crop, colorize, darken, lighten, color saturate, etc., any photo they might want on the CD. You can do this on their personal computers or any "drug store/department store" kiosk such as CVS, WalMart, Costco, Ritz Camera, Target, etc.

All of the photographer's shots are taken to maximize pixel size; they are usually all 1 to 2 MG each. Thus, he can only fit about 100 on a CD, so each Game/Slideshow would involve 2 CD's.

The price would be **\$15 per CD** Again these can be ordered directly from Joe at jsalcido2@cox.net

I hope you take advantage of the opportunity.

Thank you,

Chris Nickel & MV Boys Lacrosse.
